

Dhanusiya B

Software Developer — Web Developer

dhanusiyacse@gmail.com — 8825899593 — linkedin.com/in/dhanusiyab — github.com/Dhanusiya-B

Career Objective

Aspiring Software Engineer seeking an opportunity in Software Development or Web Development. Possess strong foundational knowledge in Python, Web Technologies, and basic AI/ML concepts, with a passion for building real-world applications and continuously improving technical skills.

Education

Bachelor of Engineering in Computer Science and Engineering

Pollachi Institute of Engineering and Technology

2022 – 2026

CGPA: 8.4

Internships

Web Development Intern – AICTE (RD Info Technology)

- Completed online internship focused on web development fundamentals.
- Developed responsive web pages using HTML, CSS, and JavaScript.

Python Training Intern – Internshala

- Completed structured Python training covering core programming concepts.
- Developed a mini game project using Python to demonstrate problem-solving skills.

Projects

Seminar Hall Booking System

- Developed a full-stack web application to manage seminar hall reservations.
- Used Python (Flask) for backend and MySQL for database management.
- Implemented time-slot validation to prevent booking conflicts.

Real-Time Scam URL Detection

- Built a machine learning model to classify phishing and legitimate URLs.
- Used TF-IDF vectorization with Logistic Regression and XGBoost.
- Achieved approximately 93% accuracy in prediction.

Skills

- Programming: Python
- Web Technologies: HTML, CSS, JavaScript, React
- Database: MySQL
- Concepts: Data Structures, Problem Solving
- Domain: Basics of Artificial Intelligence and Machine Learning

Strengths

- Quick learner and adaptable
- Strong problem-solving ability
- Team player with good communication skills
- Self-motivated and eager to learn new technologies
